MEMORANDUM FOR: Office of Legislative Counsel

ATTENTION

STATINTLp` SUBJECT : S. 2008

I agree with every point raised in the draft letter to Senator Eastland. However, I believe the Senator may decline to adopt your proposed amendments to subsections 102(5), (12) and (13). It may help the Agency's position to have these amendments in the bill, but it must be remembered that the intent of the bill is the protection of personal privacy from governmental abuse. I doubt that Congress would pass a bill protecting the privacy of U.S. citizens to the exclusion of non-U.S. citizens. Eastland would probably recognize this which could influence his judgment on the reasonableness of the points raised in the draft letter.
